

Report from the Social Commission to the BOD 20210208

The Social Commission continues *Zoom-101* and *Match-Ups* .

Since our last report we have had one Zoom-101 lesson of about 75 minutes. In our match-ups program, Elisa Pinzon-Umana has now taught her 5th Beginning Spanish lesson on Zoom with each of 3 classes and has incorporated sharing illustrations on screen and providing recordings for reference in-between classes. Let us know if you'd like to find a match for something you like to do. We're happy to help match you up with someone with similar interests.

The Social Committee will present *Coronavirus Vaccines – A Discussion* on Wednesday, February 24th, at 7:00 pm on Zoom. This will be mostly a question and answer format with time for questions from those attending. All points of view are welcome.

We want to thank Cheryl & Mike Ronnett again for the donation of more easels to the Social Committee – both tabletop and floor models.

We will publish a survey in the next month to get everyone's opinions on future plans of the Social Committee during the pandemic. Please watch for it and help us shape our future.

The next meeting of the Social Committee will be Thursday, February 18th, at 11:00 am on Zoom.
